Tackling youth homelessness, together.

Why Catering For Change?

Who are we?

Catering For Change is a business that operates just like any other but with a bold mission of eliminating youth homelessness. We are dedicated to empowering young people experiencing homelessness to secure sustainable employment by providing them with the tools they need to live independently.

Our program, Pathways For Change, fosters a respectful employee and employer relationship, paying our young people for every hour of training they undertake.

At For Change Co., we invest in our programs that have been proven to have a long-term and sustainable impact on the lives of the young people we support. We work to provide our graduates with the necessary tools to build a brighter future and achieve their full potential.
